Mrs. E. T. Comer,
Savannah, Ga.

Dear Mrs. Comer:

Kindly pardon me for writing you again in regard to Mr. Charles Collier's address, but I am planning to make a trip East in three or four weeks, and if he is now in Virginia, I expect to stop by and see him. My brother-in-law, Mr. A. J. Stephens, in Richmond wrote me some three or four months ago that he had moved to Florida. I sent him a letter to Everglades, but did not receive a reply. If you know his address, would appreciate same by return mail.

In checking over the genealogical records a few days ago in the Carnegie Library, Atlanta, I noticed a quotation of the Collier Genealogy that I compiled, which was sent to Mr. Charles Collier perhaps a year and a half or two years ago. I regret that you did not advise me that you expected to publish this. If you had, I could have given you a much more complete record and up to the present time of the various branches of the Collier family that descended from Isaac who came across from England to America two or three generations before the Revolutionary War.

I also noticed that my name was quoted in the Virginia Soldiers of 1776 as being a "Miss", which I wish to correct. Some of the Colliers back in the old days were mixed in with the French ~~generations~~ Colliers and I suppose that is where my name was gotten, as it is a French name.

I trust some day to have the pleasure of making your personal acquaintance, and if you happen to come up in this section of Georgia, we would be pleased to have you stop by.

Kindly pardon a dictated letter.

With regards, I beg to remain

Yours most respectfully,

JCC:S
